

Ingenico 5100 & PIN Pad 3050

Retail, Restaurant & Mail Order/Telephone Order

Combine Your Payment Processing Needs Into a Single Point-of-Sale Solution

Benefits at a Glance

- Supports acceptance of Visa, MasterCard and debit cards through a single payment terminal
- Simple-to-use design ensures ease of use
- Tamper resistant design meets all security requirements and helps prevent theft and fraud

The ergonomic Ingenico 5100 point-of-sale terminal combined with the secure Ingenico 3050 PIN pad is designed specifically for retail, restaurant and mail order/telephone order businesses. Receive consolidated funding and reporting for all Visa®, MasterCard® and Interac transactions. Decrease the amount of time you spend training your employees and maintaining your equipment. The Ingenico 5100 application is built with an easy to use menu driven display. Its sure-loading printer technology enables your clerks to spend more time with the customers, and less time troubleshooting printer paper jams.

Ingenico 5100 & PIN Pad 3050
